DON'T FORGET THE LIONS'S LIGHT BULB CAMPAIGN!

THIS FRIDAY & SATURDAY BUY

LION LIGHT BULBS

TO SUPPORT THE EDUCATION OF YOUR CHILDREN!

PRICE: \$1.75 FOR A PACK OF 2-60 AND 4-100

FOR ORDERS & DELIVERY

PHONE 5997023

Lion Alex Proudfoot, Chairman Education Committee of the St. Albert Lions Club, is selling the first set of Lion Light Bulbs to Mayor Dick Fowler. The Mayor was just back from the Hospital where he

underwent an appendicitis operation.

Yvon Bouchard, Secretary Treasurer of the St. Albert Lions Club, watches this first transaction. The sale will start this Friday and continue on Saturday if necessary. Proceeds will go to the St.

Albert Lions Education Fund and be contributed as scholarships to students attending St. Albert Schools. Buy Lion Light Bulbs this Friday and Saturday. It's for your children!

QUESTION PERIOD FOR GALLERY

FINAL TRANSACTION CURLING RINK

Gallery Chairs with Cushions?

Meeting of Council of the Town of St. Albert, October 18, 1965

Cash Reserve - It was further pointed out that a cash reserve of \$2,500 was set up in December 31st, 1964, for recreation grants. Subsequent to the paying out of \$1,285 and \$161.25, there would remain a balance of \$258.75 in this cash reserve account. The Committee's recommendation to Council was that the balance of the recreation reserve in the sum of \$258.75 be transferred to a General Reserve Account. Councillor Gibbon moved that this reserve be transferred to the General Reserve Account, in the amount of \$258.75.

Grant to Chamber of Commerce By-Law 32/65 - This grant totals \$500 and was included in the 1965 Budget. It was the recommendation of the Finance Committee, that Council approve this By-Law and that the grant be paid. Councillor de Bruijn moved that this By-Law be approved and the grant paid to the St. Albert & District Chamber of Commerce. Carried.

Letter from Chamber of Commerce - Recreation Centre Committee - Mr. Wheatley read a letter to Council from the St. Albert & District Chamber of Commerce regarding the newly formed St. Albert & District Recreation Centre Committee. In their letter they requested that a member of Council be asked to attend all future meetings of this Committee in order that a closer liaison may be maintained between Council and the Committee. Councillor de Bruijn felt both of the standing Committees might nominate one member to alternate attendance at these meetings, or if possible, both members attend. The question was raised as to whether it was necessary to have two members of Council on this Committee. Also it was generally felt that the Council would like to have more information from the Recreation Centre Committee, as to what may be expected from the member of Council, and the expected frequency of their meetings. Councillor de Bruijn moved that this matter be referred to the first meeting of the Joint Committee

with the request that more information be obtained from the Recreation Centre Committee as to the frequency of meetings, expectations, etc. Carried.

Letter from St. Albert & District Chamber of Commerce - Small Business Management Training Program - This letter advised Council that the Chamber of Commerce is planning to sponsor a training program for small businessmen through the Department of Vocational Education. It was their intention to promote a book keeping course for this year, and they requested that they be allowed to use the room in the Fire Hall for this course to run for fourteen weeks commencing November 18, 1965, between the hours of 7:30 to 9:30 p.m. Councillor Parkes moved that Council favourably accept the request of the Chamber of Commerce to use the room in the Fire Hall for the aforementioned course. Carried.

Transaction Curling Rink Final - Councillor de Bruijn moved that the Secretary-Treasurer and the Mayor be authorized to consummate the transaction with the Bank of Nova Scotia for the purchase of the St. Albert Curling Rink. Carried Unanimously. Councillor Gibbon queried as to whether the facts and figures of the negotiations of the purchase of the Curling Rink could be published for the public, as he felt there seemed to be a great deal of misunderstanding with regard to this matter. He further pointed out that many of the ratepayers thought they were going to have to bear the cost of the debenture of \$95,000. Councillor de Bruijn stated he would be very willing to meet with the local press in an attempt to set this straight. Councillor Gibbon was of the opinion that this should be in the form of a paid advertisement, thereby having the advantage of the Town's wordings, etc. Councillor Gibbon moved that a statement be given to the press showing how the debenture and other circumstances of the Curling Rink purchase are to be cleared.

Gallery Chairs - Another matter brought forward by Councillor Gibbon was that perhaps something could be done to make the Gallery chairs more comfortable, and that this may offer more incentive to getting more of the Town's residents out to the Council meetings. After a brief

St. Albert Gazette

Editor, W.J. Natalenbos

Owned and published by Sturgeon Publishing Co. Ltd., St. Albert. Phone 599-7144 Box 69, St. Albert. Authorized as second class mail by the Post Office Dept. Ottawa, and for payment of postage in cash.

discussion on this matter, it was suggested that the staff investigate the possibility of obtaining cushions for these chairs, and to report their findings to the Finance Committee.

Questions of the Gallery - Councillor Gibbon raised the question as to whether a "Question and Answer" period, involving the members of the Gallery, could follow Council meetings. He felt it might further stimulate interest on the part of the ratepayers, if this could be achieved. Members of Council were in agreement, that this would be a better investigation further, but that something other than an "open forum" be considered. Mayor Fowler suggested that Councillor Gibbon give this further thought and consideration with other members of the Council, and invited him to bring it back to Council, under "New Business" at his convenience.

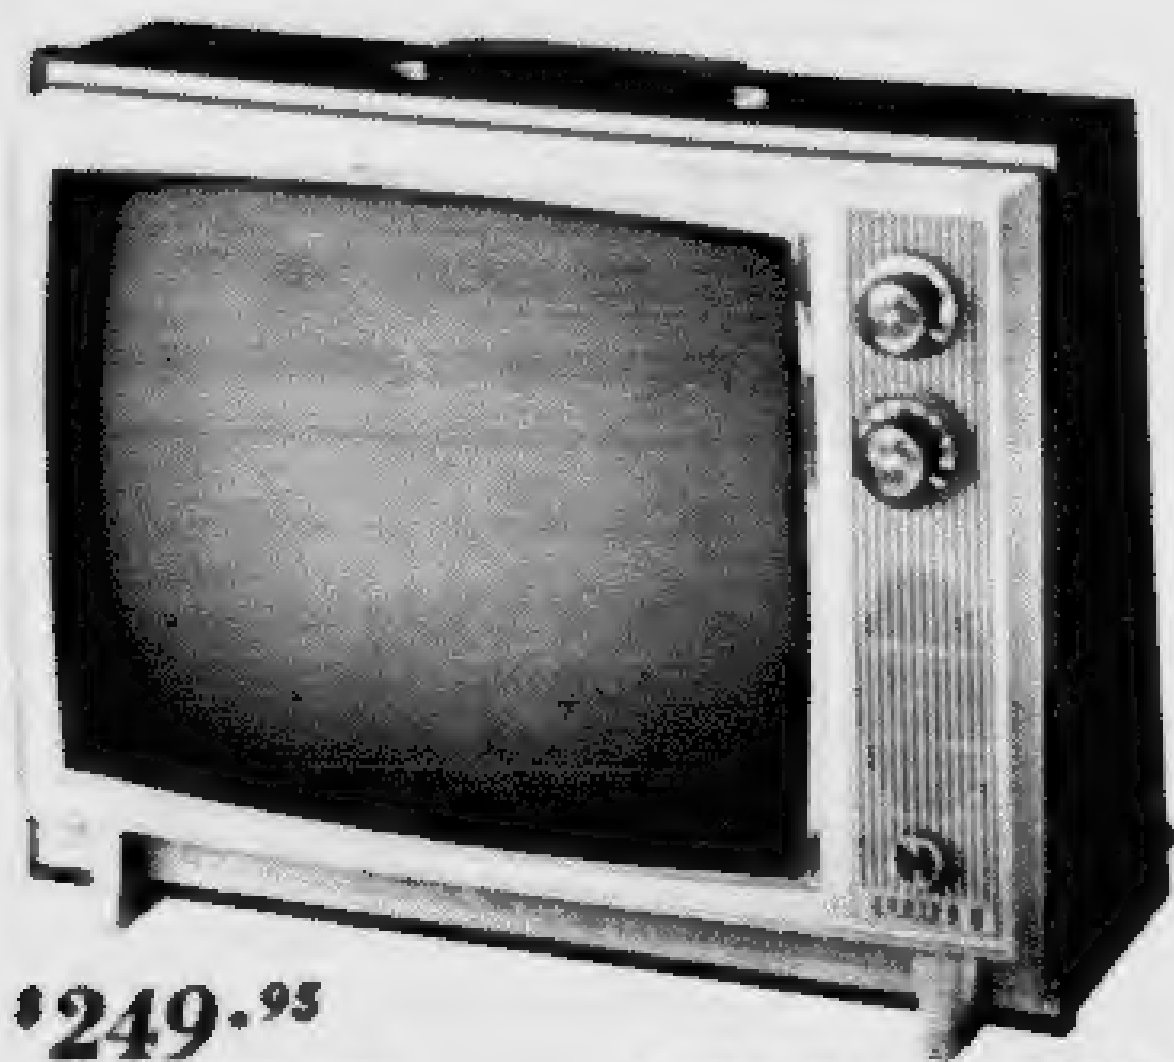

Great West Garment - Advertisement - Councillor Wheatley requested information from Mr. Wheatley as to the outcome of this advertisement, and the response from Great West Garment Ltd. Mr. Wheatley advised that 23 replies had been received, and that the Garment Company had been notified. To date, no reply has been received. Mayor Fowler asked the I.O. of the questionnaire forms to be used on the census, as to labour force within the Town, be forwarded to the Chamber of Commerce.

Industrial Promotion - Councillor Wheatley wondered if anything more had been done to introduce an up-to-date brochure of the available Industrial sites within the Town of St. Albert. He further stated that there were presently two large industrial firms in the city scouting for sites to establish their industry. It was generally felt that an aggressive approach should be considered in this regard. Mr. Wheatley advised Council that an extensive mailing program had been carried out in recent months with regard to a four page reprint from the Trade & Commerce Magazine.

Council Meeting, Monday October 25, 1965

\$500.00 Grant - Council passed unanimously a motion to donate to the St. Albert Chamber of Commerce, a grant of \$500.00. During the discussions, Councillor Wheatley felt that due to the Chamber's lower that the Calgary Power money grant should go to the Chamber, he wondered if this annual grant to the Chamber

ber should continue. Councillor Wheatley was of the opinion that St. Albert cannot afford a weak Chamber of Commerce which is doing the utmost to support and to promote St. Albert as a whole. Councillor Donais would not like to affront a senior organization in our Town. Council decided that the Financial Committee which will meet with the Chamber, will discuss this grant in general.

Petition Against Location of Skating Rink - Some residents of the northern part of the Madonna Drive had petitioned against the location of the new Mission Park Skating Rink at the corner of the Madonna Drive and St. Vital Avenue. In a letter they stated to Council that they withdrew this petition after they were informed by Public Works and the Parks and Recreation Department for the reasons why this location was chosen.

Fifteen Minutes Question Period for Gallery - Councillor Gibson suggested that the Gallery should have an opportunity to ask Council questions regarding the Town's policies. He was convinced that this could encourage St. Albert residents to attend the Council meetings. Councillor Donais was all for it but doubted that there would be ever a soul! After some discussion, Council decided to give the Gallery a fifteen minute question period before every regular Council Meeting (from 7:15 to 7:30 p.m.) with at least two Councillors in attendance, one from the Finance Committee and one from the Public Works Committee.

New Kind of Vandalism - Councillor Wheatley was worried about some new kind of vandalism developing in our Town. He told Council that different Street signs were turned in another direction, confusing people who are not acquainted with our Town's street system. He was of the opinion that the R.C.M.P. should find the defectors. Council decided that the R.C.M.P. will be notified of the existence of this problem.

Purchase New Town Equipment - Council agreed to buy \$20,500 pumper for the Fire Department, a \$2,997 Chevrolet Station wagon from Stedelbauer Ltd. (the lowest bidder), and a Garbage Packer for \$14,624.

The Aphasia Pre-School

On my desk is the written report of the first year of this School. This report is readily available, and to further acquaint readers with the purpose and aims of the School we will reprint a few paragraphs:

The Aphasia Pre-School has been set up to help the aphasic or minimal brain-damaged child with a language and learning disorder."

Through the St. Albert Gazette, we wish to bring to the attention of the residents of St. Albert that fact that this school exists, that a child in this same category can receive the special attention needed. We also wish to publicize the School because the sole financial support it receives is through the Alberta Council for Crippled Children and Adults, private donations, and special drives put on by members of the Aphasia Association.

"When the children started school they could not put on a given line drawn in bright red or very definite black on account of their motor and muscle control. There were two that were able to respond to the different sounds during auditory training. Three had a speech of a sort. Two of the three with speech didn't understand the answer they gave. It was rarely an answer to the question asked. We firmly believe unless you continue to speak to a child, they will never learn speech, especially when they have this problem. Everyday was built on repetition and consistency. Soon they started to understand circles, squares, and recognize their shapes and their names."

Our Teacher gave each child individual speech training every day, for as long as the child's attention could be held. Some did not have thirty seconds of attention span, but as our year progressed so did their attention. We were very pleased that we were able to have all the children assessed twice during the term by the Education Clinic under the supervision of Dr. Brian Dockrell of the University of Alberta. In every case he was amazed at the progress the children had made.

When one remembers that the five children indicated could not tell a red block from a green one, nor interlock two blocks for lack of muscle-coordination, it is amazing to observe their present ability to colour a fairly fine detailed picture and understand what they see. They are also able to tell a fairly intelligent story about it. The same five are also printing the large and small letters, so we feel they have come a long way. One of the boys who is seven

Wedding Warts - Stark

The wedding of Mrs. Ruby Stark and Mr. Eileen Warts was held in Grande Prairie, Alberta, at the MacLain Baptist Church on September 25th. The two bridesmaids were daughters of the bride, Darlene and Gail Stark. The two bestmen were brothers of the groom, Albert and Eddie Warts. Following the church service, reception was held at the York Hotel, Grande Prairie. Mr. & Mrs. Warts are residing at 43 Garden Crescent, St. Albert.

is doing very well performance-wise. His speech is still giving him a great deal of difficulty. It was unfortunate that we could not obtain the services of a professional speech therapist ... I should like also to thank the Volunteers ... without the help of all these wonderful people these children would continue to be neglected and frustrated all their lives."

"Some of the problems we have faced in our special classes are:

- 1) **Hyperactivity** - overactive, very difficult to control. Very disorganized. Behavior appears to be deliberate misbehavior. Of course, this is not the case.
- 2) **Persistence** - where a child repeats the same action or speaks the same phrases over and over, is asked to draw a straight line from one point to the other he will continue, sometimes right off the page.
- 3) **Distractibility** - noise, movement, bright colours. We screen these children off by themselves when they are being distracted in this manner.
- 4) **Poor motor co-ordination** - these children cannot co-ordinate simultaneously the two sides of his body in a flexible pattern.
- 5) **Perception** - The perception is the development of all the senses. Some of our children have trouble in understanding what they see, and yet have good vision. These children have trouble in distinguishing what they hear, taste, smell and touch.

Cherchez La Femme continued from page 4

It is very hard to select the children for this school. As this is our first year, and so many needing an instance we ended up with a group of children ranging from four to eight years of age. We know it should be the very young but when you get children six and seven that are unable to go to school because of their problem in speech and learning, and are not mentally deficient, what are you supposed to do?"

The report is signed Jvely Unger, Pres. Edmonton Aphasic Association. Last week I told you of a small bus which picked up several young St. Albert students and brought them to their exclusive school in Edmonton. First of all let me introduce the very capable driver of the white and red bus, Mr. B.M. Isert of 9 Grantham Place who picks up and escorts each small passenger devotedly and patiently to and from their own seat in the bus to the school and later on home again. At times Mr. Isert has many passengers but this does not bother him as he is the driver of a school bus for a large school in St. Albert. When he picks me up, he already has two passengers for the Winnifred Stewart School and continues on down Grosvenor Blvd., Sir Winston Churchill Avenue and Swallow Crescent, we pick up Lori, Clare, Patti and Doug who attend the Aphasic Pre-School. Later on one of their teachers Mrs. T. Cotro, Edmonton, and little Aria join us.

Don't you read next week's column as Mr. Netelenbos takes pictures and I write of experiences as we visit pupils, teachers volunteers and the Director and Founder, Mrs. A. Unger. It will be titled "Love is the Teacher."

Election Day - November 8, 1965

The hue and cry is on! "Women are being discriminated against!" Women are not allowed to take their rightful place in society!" However, there are definite signs that women are coming into their own, are able to find their place in the sun."

In the case of elections for example, our mothers enjoyed much less freedom and did not participate. You rarely found a woman enumerator at your door, or a woman at the ballot boxes to register just a few. Women are truly working along with their husbands and associated to elect the very best man for the right job, whatever it might be. For the forthcoming election, it would be impossible to assess the tremendous work women are contributing towards their definite goal, the election of their candidate in their area. Besides the pot hearings, coffee parties are being held for validation, bringing their viewpoints in a suitable way to a very important member of the family, the mother

she will listen, accept and reject as the case may be and bring her carefully thought-over reflections to the members of her family. These women are certainly to be commended, those who entertain and who attend!

And don't forget - on November 8th, no matter who you decide to vote for, please vote. Help to make this great Country of ours a better place to live in.

Club Notes

Buy Useful Gifts at this Time of Year - The Harrison Villett Unit of the United Church are planning a Tupperware Party Monday November 1st at 8:15 in the United Church Lower Hall. Proceeds will go to a very Special Project. Everyone is welcome, so come along and bring your friends.

Prizes will be awarded to the following categories: The Best Dressed Couple, The most comic couple, and the most Original Costume. The price is also right at \$1.00 per person.

CHRISTMAS RECIPE CONTEST SPONSORED BY PERRON'S STORE

Honey Fruit Cake

- 1 cup white sugar
- 1 cup liquid honey
- 1 cup oil
- 2 eggs
- 1 teaspoon vanilla
- 1 cup strong cold coffee
- 1 1/2 cup sifted flour
- 1 teaspoon baking powder
- 1 teaspoon soda
- pinch of salt
- 1 cup chopped walnuts
- 1 cup cherries
- 1 cup raisins

Combine first four ingredients and beat well. Add fruit and nuts dredged with some of the flour, vanilla. Add dry ingredients and coffee. Bake about 60 minutes at 350 degrees.

This cake is very nice with 7 Sonora Drive but fruit is not. Phone 599-7353.

Send your recipe to Mrs. P. Lefebvre
14 Grandville Ave.

UNITED CHURCH

St. Albert United Church News

The U.C.W. would like to take this opportunity to thank all the ladies (and some men too, who helped to make our Annual Turkey Supper a tremendous success. A very special thanks is extended to the convokers who had everything so well organized, and a delicious meal so well

prepared. Also a sincere thanks to the Guide group for setting tables, and baby sitting, and helping with the serving. On Monday, November 1st at 8:15 p.m. in the lower church hall, a Tupperware Party will be held, sponsored by the Harrison Villett Unit of the U.C.W. The proceeds are for a special project. Come and bring your friends.

The R1-3 young peoples group meet next Sunday evening at 7:30 p.m. The program includes the election of officers. The United Church Manse, 3 Grandin Place is expected to be ready for occupancy by the end of this week. Men of the congregation are asked to help move the remainder of the furniture in the church basement over to the manse, next Saturday morning beginning at 9:00 a.m. If you are able to volunteer your services, please contact Mr. Musto at 599-8618. A Service of Baptism will be conducted next Sunday morning.

ANGLICAN CHURCH

St. Albert Anglican Church News

Visitation: Work and planning in connection with the fall visitation is in progress. Last Sunday the first of several 'Minute Men' spoke briefly to the congregation during the morning service. A further speaker will be heard each week until Visitation Sunday, November 14th. When the visitors go out on that day, they will have an opportunity to make a similar witness in the homes of the parish. The response of those they visit will indicate the degree to which such persons are willing to be counted as concerned and committed persons to the same cause.

New Film - Whilst urgent local needs occupy our attention to a large extent, we are also concerned with needs beyond the local parish. As part of this wider emphasis, during the service on November 7th, we plan to use an excellent documentary colour film entitled "Journey to Nigeria". With world attention focused on present events in Rhodesia, we are fortunate to have an opportunity to see the problems of the emerging African nations at first hand, and to assess the mission work of the church as a contribution to this process. Our own contribution toward the spiritual, educational and social needs of these nations is made through the diocesan appointment, the Anglican World Mission and Primates' World Relief Fund.

Services? Bring the whole family! There is lots of room - at 9:00 a.m.

Have your fliers inserted in the

YOUR VOICE IN OTTAWA

ON THE WRONG TRACK!

The St. Albert Recreation Board, a pure and only public Advisory Body in the recreational field of the Town of St. Albert, is changing more and more into a controlling body. During the Board's September meeting it was clearly stated by the Board that a Club or Committee becoming affiliated with the Board and the Department would work with the Recreation Director in setting up programs, budgets, standards, leaders, membership fees, which must be approved by the Recreation Board! With this statement, the Recreation Board is on the wrong track. Affiliation of a private club with the Recreation Board as a public body is, in the first place, a principal mistake and therefore cannot be tolerated. But knowing the progressive thoughts of some of our recreation board members, this misstep is quite understandable and pardonable, although such a policy has certainly to be reviewed. The case becomes worse if the same board wants to interfere in the private activities, decisions, and policies of a private body. With such an attitude, the Board becomes a pure controlling body, dictating a policy which is in complete conflict with the real and only task as an advisory body. A private club, affiliated or not, has to run their own house! This is not only a general accepted fact in our society but should certainly be strongly supported and promoted by the Recreation Board. Private initiative and independence is one of the strongest pillars in our organizational life. Contralling, dictating, or any other kind of governing from a public body over a private club, is not only causing numerous troubles but it can kill the immeasurable value of private initiative and activity. Every club in our Town, which is active in the recreational field, should never be governed in any way by a Recreation Board, Recreation Department, or Recreation Director. A Recreation Board should strongly promote the establishment of private clubs in the recreational field. A recreation Board should be more than happy that private clubs can handle their own affairs, discharging the Recreation Board of unnecessary and unallowable meddling. Club and organization life can only be 100% joyful if their members are the only ones who are responsible for the kind of life they like to live and the way they like to act. What about Clubs which are not affiliated with the Recreation Department? Are they classed in a category with less privilege than the ones which are affiliated? If this is a fact, and it seems so, because insurance, facilities and equipment are easier to obtain for the affiliated ones, then the Recreation Board and the Recreation Department will be guilty of creating in our Town a recreational split, treating the taxpayers unequally. We wonder if our Council is aware of this dangerous policy, once again, completely in contradiction with the advisory task of the Recreation Board. And if a Club wants to affiliate, to be sure of the privileges, then still it can be refused if their activities would duplicate the activities of an already affiliated club or committee. In other words, we are only allowed to have one football club, one tennis club, one badminton club, one hockey club, etc. etc., which is again a ridiculous contradiction with the Recreation Board's duties to provide and support as many recreation developments in our Town as possible. We have in our Town two Badminton Clubs, if one of them would be affiliated with the Recreation Department and receiving the special benefits, the other Badminton Club could not affiliate and receive the special benefits, unless they were forced to affiliate with the other Badminton Club! We don't know what kind of recreation promotion this would be but it certainly should not come from people who are experts, specialists and promoters in the recreational field of our Town! Of course close cooperation with the Recreation Board, Recreation Department and Recreation Director, is a necessity. But this should only be on an advisory level, respecting each others authority, and understanding each others rights and duties. As each club in our Town, which is working in the Recreational field, is entitled to apply for a recreational grant, which is public money, the Advisory task of the Recreation Board with the Recreation Director as an expert, will come into action, advising the Town Council if such a financial support should be granted. And, if such a financial assistance would be granted, a strict and financial justification should be presented by such a Club to the Recreation Board or the Recreation Director, accounting that this public money was used for the purpose for which it was granted. A Club or Organization, misusing such a grant, should be banned from any financial assistance with public money as long as the same executive would stay in office. But even under these circumstances, the Recreation Board can act only in an advisory capacity. It is the Town Council, and the Council only, who af-

ter hearing the advice of the Recreation Board, must decide what steps are to be taken. They are the public-elected governing body responsible for a wise and correct expenditure of the public money. The trend of Recreation Boards generally, to become a more controlling body, is not new. Year after year, we have seen the many conflicts between the Edmonton Federation of Community Leagues and the Parks and Recreation Department. The cause of these troubles is in principal just the same as we could have here. It is a matter of complete independence which the leagues demand for themselves. They also like to co-operate with the Parks and Recreation Department but they want to run their own house! The ideas of our Recreation Board in these vulnerable, private, independent fields are on the wrong track! Let's forget about affiliation, and promote private club life with private responsibilities, in our Town, under private leadership of our so many wonderful volunteers, which certainly will create amongst our youngsters the proud and so important feelings that a man has to be boss in his own house, cooperative and friendly to all his neighbors, with a strong feeling of responsibility in general towards our society. It is to be hoped that our Council, as the controlling and law-making body, will avoid any further development which could create a discriminating recreational policy in our Town. We have a good Recreation Department, an excellent Recreation Director, a budget that we can work with, let's see the right use of it on the right track!

THE NEW CLUB HOUSE

Although some citizens have criticized in the past the interior and the exterior of the new Club House, even called "Theatrical Monster", it seems that the Club House is providing an excellent home for the many activities in the recreational field. The building is used continually and has proven that the problem of the shortage of recreational facilities in our Town is still not solved. Let's be happy that even a 'Monster' can assist us to decrease these problems!

THE \$95,000 CURLING RINK

If everything goes well with our Curling Rink, and it seems to be a good curling season, the annual \$8,283 Debuture payment can easily be paid by the St. Albert Curling Club revenues. This means that the St. Albert taxpayer has not to pay a penny for this \$95,000 deal, which has given the Town a clean title to the rink, building, and ice plant. We wish the St. Albert Curling Club all the success for the 1965-66 season.

BUSINESS MANAGEMENT TRAINING COURSES

The St. Albert and District Chamber of Commerce has undertaken to sponsor Business Management and Training Courses for owners of small businesses which are offered by the Division of Vocational Education, Provincial Department of Education in cooperation with the Federal Department of Labour. The program offers courses in Management Accounting, Retail Management, Marketing for Manufacturers, Marketing for Service Businesses, Purchasing for Manufacturers, Bookkeeping, Exporting, Personnel, Retail Selling, Finance and Taxes. A certificate from the Alberta Department of Education is presented to each participant upon successfully completing a course. A Diploma is issued to participants who successfully complete five different courses of this

program. The Chamber of Commerce plans to sponsor only the Bookkeeping course this year, which is designed to teach the small business owner the fundamentals of Bookkeeping as well as to assist him to appraise his present accounting system and make improvements where necessary. This course consists of fourteen sessions teaching: 1) Reasons for keeping a set of accounts. 2) The mechanics of bookkeeping. 3) Synoptic bookkeeping for very small businesses. 4) The problems of recording and controlling payroll and payroll deductions. 5) Establishment of a simple yet effective system of cash control so that losses and errors are kept to a minimum. 6) Methods of recording and controlling purchase receipts, storage and payment of goods. 7) Methods of determining whether or not a firm is operating at a profit or loss. Your Chamber plans to hold the classes in bookkeeping every Thursday evening at 7:30 P.M. and will commence on November 18, 1965. Each session will last for approximately two hours. The Instructor on this course will be Mr. Richard Ogil-

BOY SCOUTS

The 1st St. Albert Jr. High Committee of Scouts recently held their elections. The meeting was chaired by 1st St. Chairman Jim Kehoe. Mr. Kehoe accepted nominations from the floor. Those elected were: Chairman - Mr. Bill Lockhart, Vice-Chairman - Mr. Ednauchan, Secretary - Mrs. Annette Layman, Treasurer - Mr. Ed Shannon, Carping - Mr. K. Sedee, Finance - Mr. Ed. Zwan, Public Relations - Mr. B.J. Pace, Training - Mr. A. Bergeron, Camps - Mr. M. Martindale, Transportation - Mr. J. Kehoe, Group Chaplain - Father Lefebvre.

Mr. Nelson a teacher, B. H. S. tomorrow from the Provincial Scout Executive, we brought a message from Provincial. The purpose of the Boy Scout Movement is to give the boys a natural character training organization, to help the boys develop their own initiative, and to have a sympathetic adult to turn to for understanding. It has so brought the boys to take a new way of scouting. The boys will be divided into smaller groups, each group having its own leader. Because of the fact that young boys are learning faster than ever before, it is felt that smaller groups will provide the needed initiative and challenge for the boys, and that the smaller groups will learn and develop faster. The smaller groups of course means a greater need for more people to help in scouting. The first regular meeting of the Group Committee will be held in the basement of the A. J. Church Hall, Friday, November 12th, 7 P. M. Anyone interested to further scouting is welcome to attend the meetings.

RECREATION

CENTRE

COMMITTEE

Mr. Nick M'Lee, chairman of the St. Albert & District Recreation Centre Committee would like all presidents of organizations not yet represented on the St. Albert & District Recreation Centre Committee to call him at 579-6829 and inform him the name, address and phone no. of their official representative on the committee. This request for assistance became necessary after Mr. M'Lee viewed a number of call a from organizations which, through oversight, had not been represented on the committee. Since the committee is seeking to have the widest possible representation, all organizations in St. Albert are asked to participate by means of having an official representative on the St. Albert & District Recreation Centre Committee.

A black and white photograph showing a group of people in a room. In the foreground, a man wearing a suit and a hat is kneeling on the floor, holding a long, thin object, possibly a stick or a pipe. Behind him, a large group of people, including men and women in various attire, are standing and watching. The setting appears to be an indoor space with a patterned floor.

Another season of the Bearers were left the starting date at 7 p.m. on Saturday the 30th of October.

Four bearing boats, due to the illness of Mayor Fowler, were indeed fortunate in having Mr. Marcel Lambert throw the first rock and the stone was sent on this occasion by the Senator for Quebec City, Senator Jacques Fournier. It was overheard in the City Place after the opening that Senator Fournier was of the opinion that Mr. Lambert was "with all the stone" of the press. Mr. Lambert accepted the fact that he was the first to throw the stone.
